

REPACK AVERY REMtech PEDALS INSTRUCTIONS:

Repack Pedals & Pieces in Product Packaging
Please clean the pedals and then package them properly to avoid additional fees.

Step 1: Locate all small pieces, including 2 REMplates, 4 shims, 4 bolts, traction pins, and both pedals.

Step 2: Pack REMplates, bolts, and shims back in REMplate product box.

Step 3: Pack traction pins and pin tool back in product baggie.

Step 4: Place pedal sleeves over pedals.

Step 5: Place traction pin baggie, then REMplate box, and pedals in REMtech product box.

Step 6: Cover REMtech product box with some cushion to prevent magnetic interference with the carrier. Then place in shipping box, slap a shipping label on it, and send it on its way!
