

## REPACK AVERY REMtech PEDALS INSTRUCTIONS:

Repack Pedals & Pieces in Product Packaging

***Please clean the pedals and then package them properly to avoid additional fees.***

**Step 1:** Locate all small pieces, including 2 REMplates, 4 shims, 4 bolts, traction pins, and both pedals.

**Step 2:** Pack REMplates, bolts, and shims back in REMplate product box.

**Step 3:** Pack traction pins and pin tool back in product baggie.

**Step 4:** Place pedal sleeves over pedals. **PLEASE DO NOT STICK PEDALS TOGETHER.** Properly return them to their designated spot in the box. See image in next step.

**Step 5:** Place traction pin baggie, then REMplate box, and pedals in REMtech product box.

**Step 6:** Cover REMtech product box with some cushion to prevent magnetic interference with the carrier. Then place in shipping box, slap a shipping label on it, and send it on its way!
